

Anurag Ranjan

Full Stack Web Developer

Greater Noida , UP | anuragranjan373@gmail.com | +91 8935920030 | <https://www.linkedin.com/in/anurag-ranjan-68034b330/> | <https://github.com/Anurag1742> | <https://anuragranjan.netlify.app>

SUMMARY

I am a dedicated MCA student from Galgotias University with a strong foundation in web development, skilled in HTML, CSS, JavaScript, and currently learning React and Bootstrap. I have hands-on experience with C and Java, and I am actively building my skills to become a full stack web developer. My goal is to contribute to innovative software projects while continuously improving my technical and communication abilities.

EDUCATION

Master of Computer Application (MCA)

Galgotias University, Gautam Buddh Nagar | Sep 2024 – Present CGPA: 7.2

Bachelor of Computer Application (BCA) Patliputra University,

Patna | Oct 2021 – May 2024 Percentage: 65.8 %

Class XII (I.Sc)

A.N.S. College, Barh, Patna, BSEB | Apr 2019 – Mar 2021 Percentage: 66 %

Class X

High School Karjan Suryapura, BSEB | 2019 Percentage: 62 %

SKILLS

Technical Skills-Programming Languages: C, Java (Core)

- **Web Technologies:** HTML, CSS, JavaScript, ReactJS, Node.js
- **Databases:** MySQL
- **Tools & Frameworks:** Filmora 14, Photoshop, Netlify, Canva
- **Soft Skills:** Teamwork, Communication, Problem Solving, Adaptability

PROJECTS

AI Desktop Partner(Jarvis) | AI & ML | February 2025

- Developed an AI-powered desktop assistant named Jarvis using Python to automate daily tasks via voice commands, where I handled the complete design, coding, and feature integration.
- Integrated voice recognition and system automation features, achieving a 95% accuracy rate in command execution and reducing manual task time by over 40%.

Student Management System | C | Jan 2025

- **Developed a file-based Student Management System in C** to manage student records, including functionalities to add, view, search, delete, and update student information through a console interface.
- **Engineered a C-based student management system** featuring binary file storage, achieving a 30% faster data retrieval rate and enhancing data integrity through robust error handling.
- **Designed an intuitive menu-driven interface** that allows easy navigation and robust error handling, resulting in a smooth user experience with real-time data updates.
- **Live Project Link:**

CERTIFICATIONS

- SQL Basic Certification | Hackerrank | Oct 2024
- CCNA: Introduction to Networks | CISCO | May 2025

ACHIEVEMENTS

- Regularly solve DSA problems on LeetCode and GeeksforGeeks (GFG) to improve logical thinking and coding efficiency.
- Contribute daily to GitHub, maintaining clean commits of DSA solutions and personal projects.
- Cemented consistent coding practices by completing over 50+ coding challenges on different platforms across data structures and algorithms; increased project team efficiency by surfacing edge cases.
